## CATERING

Making a positive impact on our environment and building a sustainable agricultural farm which can flourish for generations to come is at the core of what we believe at Boschendal. Our focus is on providing flavourful and nourishing farm-to-table food and working hard to keep food miles to a minimum. Our menus shift with the seasons as our produce is sustainably grown on the farm or locally sourced.

With such an incredible array of local produce on offer, our function chef and his team look forward to preparing flavourful farm-to-table food for your conference using the best quality seasonal ingredients.
